📇 PROFILE

A passionate software engineer with a rock-solid foundation in core principles. Adapt at deconstructing intricate challenges into actionable steps, I consistently deliver innovative solutions. My clear and concise communication fosters seamless collaboration within teams. I'm a lifelong learner, constantly seeking out cutting-edge technologies and trends to maintain a competitive edge.

📁 PROJECTS

A Gamification Based Mobile Application to encourage fruit consumption among children - Third Year Group Project -Team Lead

We have developed a mobile application
- Front-end: Dart
- Back-end: Dart
- Database: MySQL

Machine learning model integration
- Developed two models using Python
- Model development environment: Google Colab
- Seamless integration with web application.

Library management mobile application 🔗
- Used Android Studio as the framework to develop the mobile app with the use of Java.
- MySQL for Database.

Travel Partner mobile application 🔗
- Used Android Studio as the framework to develop the mobile app with the use of Java.
- MySQL for Database.

Tree classification system- Group Project 🔗
Developed a ANN model to classifying Kapok, Cassava, and Silk Cotton trees.

☑ CERTIFICATES

IEEE Innovation Nation Sri Lanka 2023
  All island Finalists

Certificate course in WebDesign
  Uwa Wellassa University

Java Application Development
  Uwa Wellassa University

🌐 LANGUAGES

Tamil
  Native

English
  Proficient in speaking and writing

Sinhala
  Proficient in speaking and writing

🧠 PERSONAL SKILLS

- Can be a Quick Leader
- Adapt to New Environment Easily
- Time Management
- Team Player
- Problem Solving
- Strong Communication

🏠 VOLUNTEERING WORKS

Rajarata University Wrestling Team
Vice Caption
2024

Student Union - Applied Science - Rajarata University of Sri Lanka
Member
2023

IEEE Student Branch of Rajarata University of Sri Lanka
Member
2024

🧠 SKILLS

Java   Javascript (ReactJs)

HTML5 - CSS3 (Experience with front-end technologies)

Python   C   C++

Experience in developing Machine Learning Model using python
